Subject index

Articles in Update issues are indicated by page numbers in italics; S1 indicates the supplement

α_1-adrenoceptor antagonists, effects on bladder neck and seminal vesicle pressure in rats 605
$\alpha_{1A/1L}$-adrenoceptor partial agonist (Ro 115-1240)
evaluation in stress incontinence 78, 1115 (letter to editor)
pharmacological characteristics 162
Abdominal compartment syndrome (mini-review) 474
Adenosine monophosphate, cyclic (cAMP), inhibition of nonmicturition activity in bladder 1325
Adrenal diseases, laparoscopic treatment *221*
Adrenal hyperplasia, congenital, genital sensation after feminizing genitoplasty 135
Adrenalectomy, laparoscopic
robot-assisted 357
with simultaneous renal pathology management (point of technique) 417
Adrenomedullin, effects on corpus cavernosum smooth muscle 859
Alcohol, and benign prostatic hyperplasia risk 1241
Alfuzosin
effects on bladder neck and seminal vesicle pressure in rats 605
lower urinary tract symptoms from benign prostatic enlargement 757
5-Aminolaevulinic acid (ALA)-mediated photodynamic therapy following mitomycin C, treatment of mitomycin-resistant bladder cancer 156
Androgen ablation
prevention of adverse effects (comment) 1174
timing, effect on development of androgen resistence in prostate cancer 845
Androgen suppression
intermittent, prostate cancer (mini-review) 258
role of combined androgen blockade in advanced prostate cancer (mini-review) 1177
Antegrade continence enema procedure (comment) 248
Antiplatelet drugs, stopping before surgery (letter to editor) 636
Apomorphine
efficacy and safety in erectile dysfunction 1271
sublingual, erectile dysfunction in spinal cord injury 100
Audit, open and laparoscopic live-donor nephrectomy at renal transplant centres 1027
Autonomic dysreflexia (mini-review) 923
Azoospermia, obstructive, effect of cause on outcome of intracytoplasmic sperm injection 1282

Bacille Calmette-Guérin (BCG)
effect on reducing bladder cancer recurrence 485
T1G3 bladder cancer treatment 60
Ta/T1 bladder cancer, prognostic factors for time to recurrence and progression 980
Balloon dilatation, retrograde, pelvi-ureteric junction obstruction 360
Bedwetting, adults 341
Benign prostatic hyperplasia (BPH)
prostate-specific antigen
expression of PSA and implications for BPH S1.5
measurement S1.2
as predictor of clinical response S1.21
role in clinical evaluation S1.10
risk behaviours 1241
spontaneous hypertensive rat model 410
thrombospondin-1 expression 1339
treatment
acute urinary retention management: UK national survey 84
alteration of disease progression S1.16
chondroitin sulphate proteoglycans in 532
comparison of efficacy of doxazosin and alfuzosin 757
cost (comment) 250
doxazosin and finasteride combined therapy (comment) 914
effects of tamsulosin and alfuzosin on bladder neck and seminal vesicle pressure 605
feedback microwave therapy, cost comparison with transurethral resection 543
open simple prostatectomy with early vascular control 349
Serenoa repens (Permixon) trials, meta-analysis 751
transurethral resection vs microwave thermotherapy: cost-consequences analysis (letter to editor) 1118
Bethanechol chloride and prostaglandin E_2 in combination, detrusor underactivity 89
Bilharziasis, bladder carcinoma, CD44 expression 151
Biopsy, prostate *see* Prostate biopsy
Bladder
augmentation
pregnancy after 588
prevention of reservoir calculi using irrigation protocol 585
surgical model of composite cystoplasty with cultured urothelial cells 609
autonomous activity (mini-review) 478
inhibition by noradrenaline in isolated guinea pig bladder 401
modulation in isolated whole bladder of guinea pig 393
exstrophy
exstrophy-epispadias complex and aesthetic outcome 1062
long-term outcome of functional urinary tract surgery 1303
perineal pain after enterocystoplasty 835
fetal radiotelemetered cystometry, sheep 382
neurogenic, endothelial oxide synthase expression after intravesical resinferatoxin treatment 336
neurogenic detrusor overactivity, suburothelial vanilloid receptor TRPV1 and PGP9.5 immunoreactivity after resiniferatoxin treatment 770
orthotopic ileal replacement (surgery illustrated) 183
influence of neobladder reservoir volume and configuration on continence and emptying properties 375
management of patients following (mini-review) 266
orthotopic replacement (ileal and colonic), functional results 803
orthotopic replacement in women after cystectomy for bladder cancer (surgery illustrated) 891
outlet obstruction, bladder wall tension (letter to editor) 1117
overactive

© 2004 BJU INTERNATIONAL | 92, 1396–1405

origin of overactivity and sensory urge (mini-review) 478
prevalence in Asian men 528
quality of life measurement using short form King's Health Questionnaire 1009
solifenacin treatment 71 (erratum 1135) 303
symptom or syndrome? (letter to editor) 887
$P2X_2$ and $P2X_3$ expression in bladder urothelium and changes in interstitial cystitis 1344
phasic activity
effect of sodium nitroprusside and dipyridamole 851
phosphodiesterase-linked inhibition 1325
smooth muscle, *in vivo* gene transfer of neuronal nitric oxide synthase by electroporation 1098
storage symptoms: prevalence, incidence and need for services in UK 763
tissue reactions to synthetic mesh materials 617
Bladder cancer
BCG and mitomycin C in reducing tumour recurrence: a meta-analysis 485
CD44 expression in bilharzial and non-bilharzial cancers 151
effects of epigallocatechin gallate in NBT-II bladder tumour cell line 1082
intravesical gemcitabine in superficial bladder cancer 491
lack of improvement in management (letter to editor) 637
and lung cancer: long-term outcome analysis 1225
orthotopic bladder substitution in women after cystectomy (surgery illustrated) 891
poster boy (letter to editor) 637
prognostic factors for time to recurrence and progression after BCG therapy in stage Ta/T1 disease 980
protein kinase C-α and 1076
radical cystectomy
laparoscopic and robotic (comment) 460
morbidity of extended lymphadenectomy 64
rhabdomyosarcoma 125
role of phosphatidylinositol-3 kinase pathway on cancer cell invasion 143
sequential mitomycin C and photodynamic therapy in mitomycin-resistant cancer cell line 156
spinal cord injury patients 739
squamous cell carcinoma
CD44 expression 151
pathology, diagnosis and treatment *216*
transitional cell carcinoma
CD44 expression 151
genetic instability and (mini-review) 19
levels of glutathione peroxidase, vitamin A, E, C and lipid peroxidation 863
Raman spectroscopy of 1232
T1G3: recurrence, progression and survival 60
urinary markers for urothelial cancer (letter to editor) 1116
Bladder neck
contracture after brachytherapy for prostate adenocarcinoma 31
'labelled key-ring clock' for urethral – bladder neck anastomosis (letter to editor) 1118
Bladder neck slings: Goretex™ slings for incontinence in children 139
Bleeding control
rectal bleeding after transrectal ultrasonography-guided prostate biopsies (letter to editor) 1358
simple retropubic prostatectomy (letter to editor) 1359
Bone metastases
prostate cancer
criteria for avoiding staging bone scans (letters to editor) 889, 1358
quantitative evaluation in advanced cancer (letter to editor) 889
renal cell carcinoma 1237
